DIAKONIA GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Diakonia Group Home (the Group Home) in December 2013. The Group Home has three sites located in San Bernardino County and provides services to County of Los Angeles DCFS foster children and Probation Department (Probation) youth, as well as children from other counties. According to the Group Home's program statement, its purpose is "to provide therapeutic treatment services to clients that may be severely emotionally disturbed, focusing on behavior problems, interpersonal difficulties, low self-esteem, anger management, victims of abuse, poor school performance, substance abuse and family conflicts."

The Group Home has three 6-bed sites and is licensed to serve a capacity of 18 boys and girls ages 13 through 18. At the time of review, the Group Home served two placed DCFS children, and seven Probation youth. The placed children's overall average length of placement was 4 months, and their average age was 17.

SUMMARY

During OHCMD's review, the interviewed children generally reported: feeling safe at the Group Home; having been provided with good care and appropriate services; being comfortable in their environment and treated with respect and dignity.

The Group Home was in full compliance with 5 of 10 areas of our Contract compliance review: Facility and Environment; Education and Workforce Readiness, Health and Medical Needs; Psychotropic Medication; and Personnel Records.

OHCMD noted deficiencies in the areas of Licensure/Contract Requirements, related to Special Incident Reports (SIRs) that were not submitted timely to required parties; Maintenance of Required Documentation and Service Delivery, related to Initial and updated Needs and Services

"To Enrich Lives Through Effective and Caring Services"

Plans (NSPs) that were not timely nor comprehensive, as they did not include all of the elements in accordance with the NSP template; Personal Rights and Social/Emotional Well-Being, related to two children having reported that they were not given opportunities to plan age-appropriate, extra-curricular, enrichment, and social activities in which they have an interest; Personal Needs/Survival and Economic Well-Being, related to three children having reported that they were not encouraged and assisted in creating a life book/photo album; and Discharged Children, related to one child who was placed for at least 30 days and was not making progress toward meeting NSP goals prior to discharge.

Attached are the details of our review.

REVIEW OF REPORT

On January 8, 2014, the DCFS OHCMD Monitor, Kirk Barrow, held an Exit Conference with Group Home representatives, Sarah Wright, Assistant Executive Director, Ingrid Peyrefitte, Program Manager, and Edward Sidhdon, Social Worker. The Group Home representatives: agreed with the review findings and recommendations; were receptive to implementing systemic changes to improve compliance with regulatory standards; and to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller, Probation, and Community Care Licensing.

The Group Home provided the attached approved CAP addressing the recommendations noted in this compliance report. OHCMD will verify that these recommendations have been implemented and provide technical assistance during our next visit to the Group Home in May 2014. An addendum to the report will be submitted 30 days after the completion of the review to address CAP implementation.

CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2013-2014**

SCOPE OF REVIEW

The following report is based on a “point in time” monitoring visit. This compliance report addresses findings noted during the December 2013 review. The purpose of this review was to assess Diakonia Group Home’s (the Group Home) compliance with its County contract and State regulations and included a review of the Group Home’s program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Licensure/Contract Requirements,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, two Department of Children and Family Services (DCFS) and two Probation Department (Probation) placed children were selected for the sample. Out-of-Home Care Management Division (OHCMD) interviewed each child and reviewed their case files to assess the care and services they received. Additionally, three discharged children’s files were reviewed to assess the Group Home’s compliance with permanency efforts. At the time of the review, none of the sampled children were prescribed psychotropic medication.

OHCMD reviewed five staff files for compliance with Title 22 Regulations and County contract requirements, and conducted site visits to assess the provision of quality of care and supervision.

CONTRACTUAL COMPLIANCE

OHCMD found the following five areas out of compliance.

Licensure/Contract Requirements

- Special Incident Reports (SIRs) were not cross-reported to all required parties timely. A review of the sample children’s case files revealed 17 of the 20 SIRs were completed and saved timely, but were not submitted via ITrack to all required parties timely. It is noted that a Group Home representative attended the OHCMD’s SIR training in October 2011 and OHCMD provided the Group Home with a copy of the SIR Power Point training provided by OHCMD in June 2012.

On January 8, 2014, OHCMD conducted SIR training to the staff responsible for preparing the SIRs. The Group Home’s Assistant Executive Director stated that the Group Home will ensure

that SIRs are submitted in accordance with reporting guidelines, and delegated this responsibility to the Program Manager to ensure that SIRs are cross reported to all required parties timely.

Recommendation

The Group Home's management shall ensure that:

1. SIRs are submitted timely to all required parties via ITrack.

Maintenance of Required Documentation and Service Delivery

- Only three of the four sampled children's Initial Needs and Services Plans (NSPs) were reviewed, as the fourth child's Initial NSP was missing. All three Initial NSPs reviewed were not comprehensive, as they did not include all of the elements in accordance with the NSP template. The goals were not measurable for all three initial NSPs, and two of the three NSPs did not have the dates the NSPs were addressing.

During the Exit Conference, the Group Home's therapist stated that she did complete the Initial NSP; however, it was not provided to OHCMD within the required timeframe.

- All four updated NSPs reviewed were not comprehensive as they did not include all of the required elements in accordance with the NSP template, as the goals were not measurable. Additionally, one Updated NSP did not include the Group Home contacts with the Deputy Probation Officer (DPO).

It should be noted that all of the NSPs reviewed were developed after the OHCMD NSP training in January 2012 and a subsequent training in August 2013. Two Group Home representatives attended the training in January 2012, but none attended the subsequent training in August 2013. After the Exit Conference, NSP training was provided for staff responsible for preparing the NSPs by the OHCMD Monitor. Furthermore, NSP training was also provided to the Group Home's therapist in May 2013 by OHCMD.

At the exit conference, the Group Home Assistant Executive Director stated that the Program Manager will review all NSPs prepared by the therapist, to ensure NSPs are timely, comprehensive, goals are measurable, and the dates the NSPs are covering are included.

Recommendations

The Group Home's management shall ensure that:

2. Staff receive ongoing NSP training to ensure comprehensive Initial NSPs are developed.
3. Staff receives ongoing NSP training to ensure comprehensive Updated NSPs are developed.

Personal Rights and Social//Emotional Well-Being

- Two children disclosed that they were not given opportunities to plan age-appropriate, extra-curricular, enrichment, and social activities in which they have an interest, at school, in the community or at the group home. The two children reported that the Group Home's staff at the Riverside Avenue and Cedar Avenue sites plan and decide which activities they participate in.

The Group Home's Program Manager reported that the Group Home staff have regular meetings with the children to identify and plan activities at the Group Home and in the community; and children are given the opportunity to provide input on activities. The Group Home Program Manager has developed a form that the children will now sign to acknowledge that they participated in the planning of activities.

Recommendation

The Group Home's management shall ensure that:

4. Children are given opportunities to plan age-appropriate, extra-curricular, enrichment, and social activities in which they have an interest, at school, in the community or at the group home.

Personal Needs/Survival and Economic Well-Being

- Three children disclosed that they were not encouraged nor assisted in creating and updating a Life Book/Photo Album.

The Group Home Program Manager reported that at intake each child is given a Life Book/Photo Album, and Group Home staff are aware that they are to encourage the children to use the Life Book/Photo Album. The Group Home Program Manager also stated that several of the children have their own cell phones with a camera and are constantly taking pictures. During the Review, the Program Manager provided OHCMD with copies of the children's Life Books/Photo Albums, which were not being utilized by the children. At the Exit Conference, the Program Manager stated she would be responsible for ensuring that staff encourage and assist the children in updating Life Books/Photo Albums, and she will conduct checks to ensure Life Books/Photo Albums are updated.

Recommendation

The Group Home's management shall ensure that:

- Children are encouraged and assisted in creating and updating a Life Books/Photo Albums.

Discharged Children

- The review revealed that one discharged child, who had been placed at the Group Home at least 30 days, made no progress toward achieving NSP goals of: reducing acting out behavior

towards peers and staff at the Group Home; attending school; satisfactory academic performance; and maintaining alcohol/drug-free lifestyle. Multiple interventions by the Group Home were used to attempt to stabilize the child's aggressive behavior, but were unsuccessful. The child subsequently ran away.

During the Exit Conference, the Program Manager stated that the Group Home will continue to provide treatment and relevant services for all the children to assist in making progress towards achieving their case plan goals.

Recommendation

The Group Home's management shall ensure that:

5. Children placed at least 30 days make progress toward meeting their NSP goals.

PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The OHCMD's last compliance report, dated July 9, 2013, identified 10 recommendations.

Results

Based on our follow-up, the Group Home fully implemented 6 of 10 recommendations for which they were to ensure that:

- The Group Home is free of CCL complaints on Safety/Plant Deficiencies,
- The children are progressing toward meeting their NSP goals,
- Children are assisted in maintaining important relationships,
- Children attend school daily as required, and provide the necessary services to assist them in improving academic performance and attendance,
- Children's initial medical examinations are timely, and
- Children on psychotropic medication have a current court approved Psychotropic Medication Authorization for the administration of psychotropic medication.

The Group Home did not implement four recommendations for which they were to ensure that:

- SIRs are cross-reported and submitted timely to all required parties via ITrack,
- Updated NSPs are comprehensive,
- Documentation of progress toward meeting NSP goals is maintained in NSPs for children placed at least 30 days, and
- Full implementation of the outstanding recommendations from the OHCMD's 2011-2012 monitoring report, as SIRs were not cross-reported and submitted timely to all required parties via ITrack, and updated NSPs were not comprehensive.

Recommendation

The Group Home's management shall ensure that:

6. The outstanding recommendations from the 2012-2013 monitoring report dated July 9, 2013, which are noted in this report as Recommendations 1, 3 and 5 are fully implemented.

At the Exit Conference, the Group Home representative expressed her desire to ensure the development of comprehensive NSPs, and prepared a schedule to ensure staff receives NSP training regularly. She plans to review NSPs prior to the submittal to all required parties, and ensure that the goals are measurable, dates are included to show the period covered, and detailed information regarding the Group Home contacts with Children Social Workers/DPOs. The Group Home's Program Manager will ensure children are given opportunities to plan in age-appropriate, extra-curricular, enrichment, and social activities, which they have an interest, at school, in the community or at the Group Home. Also, children are encouraged and assisted in creating and updating a Life Books/Photo Albums, and that children placed at least 30 days are making progress towards meeting their NSP goals prior to discharge. OHCMD will verify that these recommendations have been implemented and provide technical assistance during our next visit to the Group Home in May 2014.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER

The Auditor-Controller (A-C) conducted a fiscal review of Diakonia for the period January 1, 2009 through December 31, 2009. The fiscal report, dated March 19, 2012, identified \$629 in unallowable expenditures and \$18,692 in unsupported/inadequately supported expenditures. Diakonia submitted a revised fiscal CAP on February 7, 2012 in response to the A-C's final fiscal audit. DCFS Fiscal Monitoring Section accepted Diakonia's request for a three-month repayment plan.
